SAHIL NAMDEV WAKHARE

Software Developer | AI-Focused Development

Pune, Maharashtra | +91-9356682699 | ersahilwakhare@gmail.com | LinkedIn | GitHub | HackerRank | LeetCode

PROFESSIONAL SUMMARY

Software Developer with **1+ years of hands-on experience across 3 companies**: delivered **10+ production websites and web apps**, built **7+ Java modules** for enterprise and government platforms, and resolved **100+ bugs and issues**. Skilled in Java, Spring Boot, JavaScript, React.js, Next.js, Node.js, PostgreSQL, MySQL, REST APIs, and GraphQL, with a focus on **AI-driven development** and **LLM integration using the Gemini API** in Python.

TECHNICAL SKILLS

Programming Languages:	Java, JavaScript, Python, SQL, HTML5, CSS3
Frontend:	React.js, Next.js, Responsive Web Design
Backend:	Spring Boot, Spring Framework, Node.js, Servlets, REST APIs, GraphQL, JDBC, Hibernate
Databases:	PostgreSQL, MySQL
Cloud and DevOps:	AWS, Docker, CI/CD, Git, GitHub, Maven, Postman
AI and Generative AI:	Gemini API, LLM Integration, Generative AI, Prompt Engineering, OpenCV, Speech Recognition
Development Tools:	ChatGPT, Claude, Gemini, AI-Assisted Coding, AI Code Review
Core Concepts:	OOP, MVC, Data Structures and Algorithms, Multithreading, DBMS, SDLC, Agile, Testing

PROFESSIONAL EXPERIENCE

Movinnza **Pune, Maharashtra**
Associate Developer *Sep 2026 – Present*

- Develop and maintain **10+ full-stack production websites** and web apps with **React.js, Next.js, Node.js, PostgreSQL, and GraphQL**.
- Ship features for the **Nexus 360** SaaS platform, integrate **REST** and third-party APIs, and resolve client-reported bugs in production.
- Drive **AI-assisted development** with **ChatGPT, Claude, and Gemini** for debugging, documentation, and test case writing, with manual review of all AI output.

Kshetrapati Industries Pvt. Ltd. **Pune, Maharashtra**
Associate Software Engineer Intern *Mar 2026 – Sep 2026*

- Engineered **Java**-based enterprise modules for workflow automation, customer management, reporting dashboards, and operational tracking.
- Automated database-driven business workflows to reduce manual data entry.
- Audited code, including AI-assisted code, to catch logic and security flaws before release.

SETTribe IT Solutions **Pune, Maharashtra**
Software Engineer Intern *Sep 2025 – Feb 2026*

- Developed government web platform modules using **Java, Spring Boot, SQL, and REST APIs**.
- Optimized database queries to reduce response time and resolved defects to strengthen backend reliability.
- Tested and validated application code for security risks and quality before deployment.

PROJECTS

Cortex AI: Voice and Vision Assistant **Mar 2026**
Python, OpenCV, Gemini API, Speech Recognition, STT/TTS

- Built an **LLM-powered** desktop assistant in **Python** with a voice pipeline: speech recognition converts commands to text, the **Gemini API** generates responses, and Text-to-Speech replies in real time.
- Combined **4 input modes**: voice, live camera with **OpenCV** computer vision, PDF question answering, and web search, plus voice automation to open apps, files, and websites.

Bank Management System **Jan 2026**
Java, Swing, AWT, JDBC, MySQL

- Created a desktop banking application with a **Java Swing and AWT** interface covering **7 core functions**: sign-up, PIN login, deposit, withdrawal, fast cash, balance inquiry, and PIN change.
- Designed a **MySQL** database with **3 tables** for customers, accounts, and transactions, connected through **JDBC**; applied **OOP** and exception handling to block overdrawn withdrawals.

EDUCATION

Savitribai Phule Pune University (PGMCOE) **Pune, Maharashtra**
Bachelor of Engineering in Computer Science Engineering, CGPA: 7.76 *Aug 2021 – Jun 2025*

CERTIFICATIONS

AWS Certified Cloud Practitioner – ***Amazon***: Core AWS services (EC2, S3, IAM), security, and pricing.
Google AI Essentials – ***Google via Coursera***: AI tools for daily work, prompt writing, and responsible AI.
Generative AI Certification – ***Microsoft***: LLM fundamentals, prompt engineering, and use cases.
